

Four Seasons Daycare

Diaper Ointment or Skin Lotion Permission Form

Before accepting the diaper ointment or skin lotion, staff members must complete the following checklist to ensure the product meets state guidelines, as well as the center's policy for acceptable products.

- Product does not state "consult physician before applying"
- Product does not require a prescription
- Product is not an aerosol or powder
- Product is in original container
- Product will be administered in accordance with the product's label
- Product is labeled with the child's first and last name

Child's Name: _____ **Date:** _____

Product Name: _____

Expiration Date of Product: _____

Dosage to be applied: _____

Frequency and/or times to be applied: _____

Special Instructions: _____

This Authorization is Effective Until: _____

Parent's Signature: _____ **Date:** _____

Date	Time	Product	Given By	Comments/Reactions/Errors

Please note that it is the parent's responsibility to inform Four Seasons Daycare about any changes to the child's condition that warrants a change to this form or in the way for which Four Seasons is to care for the child.
